

**Jim,**

**I said this before, and published it before also, "Thanks go out to you and to Mike for "founding" the Never Forgotten Honor Flight. I know the real heros are the WW II Vets, but you guys allowed them to realize that.". With enormous respect, I proudly salute you both! Please pass on to all the "behind the scenes" personnel my personal thanks for a job very well done. Every aspect of the trip was covered. What a trip!!!**
