

Hi,

My name is Jeanean Allen. I am the daughter of Merwin M Bunker. (Rothschild, WI) My dad was one of many that got to go on your "Never Forgotten Flight" to DC. My father served in WW2 as well as the Korean War. From what my dad has said, this trip was truly a trip of a lifetime for him... As I quote, "Words cannot describe the emotion and beauty in what I was able to see in Washington DC. The entire day was impressive." This from a man that is short on words! I know in my heart that he was honored, respected and cared for by everyone involved in this special day. †And for this , I want to say THANK YOU. Two very simple words †with a tremendous amount of meaning behind them.

God Bless you all.

Sincerely,
Jeanean V. Allen
